

ACCESSMAINTENANCEGROUP

painting services

QBSA Act Licence No. 1173314

## Getting it done right the first time, safely, professionally and cost effectively.

Access Maintenance Rope 1 painting are skilled in finding the best possible access solution for your painting requirements.

Evaluating the hierarchy of control in conjunction with OH&S and cost effectiveness, you can be sure that we will get you the best result for your dollar.

Our technicians are highly trained in Industrial Rope Access under the Australian Rope Access Association (ARAA) or Industrial Rope Access Trade Association (IRATA). Additionally we have training and competencies in Working at Heights in accordance with AS/NZs 1891 and use of EWP's and Swing stages. We are after all Access Maintenance Group (AMG) as such we will find you the best access solution for your maintenance needs.

Our painting division is licensed under the BSA with trade qualified painters. Our Quality Assurance, combined with our 'Customer Care' program will ensure that you will receive the absolute best the industry has to offer. Don't just take our word for it, see our testimonials on our website to check it out for yourself.

As a group we can offer you either a single contract service, or a programmed service for up to five years, tailoring this to meet your

needs, whilst ensuring your structure is fully maintained.

We apply only premium painting products on our projects that are environmentally friendly and come from leading manufacturers. Should you require repairs, our licensed maintenance team can service this with equal quality and service. We are a One-stop-access and Maintenance shop, and we are here to serve you!
